

Airport Pick-up Information

Some students will need to arrange transportation to UWest. Please be advised that airport pick-up service is not available from the university directly. In order to avoid hassles, such as long waits, try to make your airport pick-up arrangements before you arrive. Make your reservations in advance! Your flight information is necessary for scheduling the shuttle. You are responsible for making this arrangement. You will need to pay the driver directly for the service. Please have the payment ready in U.S. dollars. The university does not endorse or promote any particular shuttle service. The following are some options for your reference, but you may also look for and choose other shuttle services.
